MSU is an equal opportunity institution.
Prepares teachers to Implement

- Common Core State Standards in conjunction with MDE Framework in content areas and training for future CCSS assessments
- Data-driven and standards-based instruction
- Developmentally responsive instructional practices
- Balanced reading/writing processes across the content areas
- Brain research as it applies to the young child, pre-teen and adolescent
- Motivational classroom practices
- Evaluation and assessment options aligned with state assessments
- Relevant, challenging, integrative and exploratory curriculum as advocated in the Common Core national initiative and by national educational organizations

Do your teachers need a solid introduction to the Common Core Standards and strategies for teaching reading comprehension and writing?

Are you worried about maintaining good test scores with implementation of the common core assessments?

Are building level administrators properly prepared to assist teachers with the shift in assessment and instruction?

Registration
Due April 30, 2014
